There are many reasons to trust the Starke Co. Co-Op petroleum department for your fuel needs.

We have been servicing our communities since 1928. And with all of these years under our belts we continue to keep the Co-Op traditions alive focusing on customer service as a top priority.

In a highly competitive industry we know price matters but also the peace of mind that we will be there when you need us. We continue to prove our vested interest to our community and value your business.

We have a valuable partnership with Country Mark fuel that benefits our customers the most. Through this partnership your fuel needs can be contracted out for **up to 12 months** at a set price! This asset to your business can ensure you take some added price risk off of the table due to a volatile market and remain profitable.

Let us show you why our customers continue their business with Starke Co Co-Op above all.

Call today to start saving and receive the customer service you deserve.
